

Product Specification Sheet

RO-Cleanse 4 RO-Membrane Cleaning

RO-CLEANSE 4 is a reverse osmosis membrane cleaner based on a non-ionic ethoxylate surfactant. The components assist the cleaning of organic and inorganic foulants. Also effective at removing oils through emulsification. Foaming may be expected. Can be used with all membrane types. Effective at all pH levels. Readily biodegradable. Miscible with all types of cleaning solutions at all dilutions.

It is recommended for only off-line cleaning

PRODUCT SPECIFICATION

Property Description	Property Value/Quality
RO-Cleanse 4	
Appearance	Clear liquid
Specific Gravity	1.0
pH	7.0
Solubility in Water	Fully miscible in all proportions

* other details as well as MSDS available on request.

DISTRIBUTION

Oil & Water Supplies Limited

111 Union Street
Glasgow , G1 3TA
United Kingdom
Tele:+44 141 221 7834
Mob:+44 7789 958420
Fax: +44 141 626 1430
Email: sales@owsupplies.biz

PACKAGING

25Kg and 200 Kg polythene drums and 1000Kg IBC's..

CERTIFICATION / APPROVAL

ISO 9001 : 2000 Approved

DOSING

RO-CLEANSE 4 should be diluted with chlorine free water to give a 0.5 – 2.0% solution. When biological fouling is prevalent particularly effective when used in support of RO-CLEANSE 10. The removal of oils and hydrocarbon solvents is best aided with RO-CLEANSE 18. The general conditions of pH and temperature as recommended by the membrane manufacturer should always be adhered to.

HANDLING / SAFETY

The handling of any chemical requires care. Anyone responsible for using or handling RO-CLEANSE4 should familiarize themselves with the full safety precautions outlined in our Material Safety Data Sheet.

STORAGE

Store in a dry, cool well ventilated area

See web @ www.owsupplies.biz for full range of RO cleansers
